

## NOTICE TO TERRESTRIAL BROTHERS AND SISTERS

Our Friends,

As You know, this Period is the Period of Sincerity. To be different from everyone else does not mean that You can not enter the Central System. The Entire System acts in accordance with a Special Command under Supervision. The Special Frequencies of the Universal Progress are under Special Supervision, since they carry a great responsibility. Aside from this, Mankind falls in a Medium of Quest when it Wakes Up from the Subconscious Sleep. Now, if by this Quest they are meant to be Registered into the System, the Supervision makes You pass through various Deceptions and Exams. The Purpose is to be able to see the Genuine Light of the path designed.

-----

The Selection is made by the Essence of the Human Being in question. If You have an Eye in Your Essence, You See everything and, acting by Logic, You never fall into contradictions. From time to time, You may have Spiritual Depressions. However, if You can attain a Potential which has the Power to pass You through these heavy Exams always by using Your Intellect and Logic, then You can go on walking on Your path with sure steps and without any fear. The only characteristic of this System is that everyone is given points by his/her Own Essence. You are the one who lose or win. However, by a Special Command, We help the Integrated Consciousnesses. They are not the Lights of the World any more, but are the Lights of the Universe.

-----

In Your World full of contradictions, You are going through Exams by the situations You are faced with everyday. You are going through Your Universal Evolvement in the World You are in at this moment and You have done this before too. Please, keep in Mind that the Universal Dimensions You have entered do not give You any priority. Because, there are even more advanced Mechanisms beyond each Dimension. For this reason Our Friends who presume that they have attained Spiritual Perfection and who impose on their environment the Information they receive as if they were their Own Information may not be aware of anything. But the time they will be Awakened is very near.

-----

Your Exam is the selection of the Mechanism. Knowledge is Interminable. Only, it is given in accordance with Your Medium. As the Consciousnesses Awaken, You are Specially prepared for the Energies of higher Dimensions by Frequencies which are raised. Thus, You receive more different Information. Information given to You is the Information of different Dimensions. There are thousands of Friends who are Equipped with this Information. However, everyone accepts the Information of his/her own Dimensional Energy and does not give any importance to other Information. For this reason each Information received will be read in the Groups. In this way, in each Group, a Universal Unity will occur.

-----

We keep these Groups which can enter this Unity under Special Supervision. This year, there is a Supervision among Groups. Friends of each Group are Supervised according to their Consciousness Codes. And they will be sent to Groups in which they will become Conscious and they will be obliged to receive the Information there. Each Advanced Information they receive will connect Them to more Advanced Groups. Thus, the same Friends will not always come to the same Groups, but they will circulate according to their Advancement Medium. And thus, everybody will know each other and the Ego Medium of the high Consciousnesses will be assessed and Supervised. Selections will thus be made, in accordance with the Command given. All the Happiness and Love are upon the Universe.

Our Friends,

During this second year, a very intense Medium of Work and Propagation will be formed. For this reason, We select the Essences one by one. Friends who are Aware of their Responsibility, who Know what their LORD is and who have Effaced their doubts, will enter the Heavens. However, Action besides Sincerity is necessary on this path. Selection is made by this means. The Command is from the Supreme One.

### GENERAL MESSAGE

Our Friends,

Since some of Our brothers and sisters have not yet attained the desired level of Consciousness, they confuse the Signals coming from the Divine Realm with the Spiritual Powers, and they presume the Pressure which comes way beyond the distances as Social Pressure. Everyone receives the Announcement of the Firmament to the Earth in accordance with his/her Capacity. However, those who are in the Realm of Perfection are Aware of the Essence of the matter. The channels of Integrated Consciousnesses are Systematically under Control. We do not waste time on the Codes who are not included there.

-----

Even though We wish that the entire Universal Consciousness may be Reflected on the entire Humanity, We can not do anything without Your efforts. Our Duty is just to assist You on the path You have designed for Yourselves. We make contacts only with Integrated Consciousnesses. Do not forget that everything is done by the Command of a System. Until now, You called this mode of operation the Predestination of the Divine. However, You have never been aware of a forgotten fact. The Efforts from You, the Appreciation from ALLAH. This saying is an Invitation for You to Universal Unification. Efforts You are going to make will never be in Vain.

-----

Friends who have a way of perception peculiar only to themselves should please make Efforts on the path of Universal Integration, too. Then will they see to which Dimensions their Perceptions will reach. Some of Our Friends, whose Perceptions increase in accordance with the Theory of Perception, are pretending to have attained Spiritual Maturity. In this Period, such a View is never Permitted. The Declaration of the Firmament to the Earth always results in a Genuine Consciousness for the Human Being. Your Religious Books have been revealed to You for this reason and have guided You on this path. However, the Sub-awareness Ego impulses of Mankind have deviated all these Efforts from its Genuine Aim.

-----

The Human Being of this Period Discerns and Sees everything instinctively by the Perceptive Powers he/she has gained. However, the chains of Ego Mediums have not been broken yet. Even the Integrated Consciousnesses shelter in the appraisal of the Human Beings who will be gathered around them. Nobody has the Power to Judge or to Punish anybody else. The Command and Manifestation will be evident on the Divine Day. We have long past the Century of Superstition. Now, Universal Awareness and Science and Learning are proceeding parallel to each other. However, Our Human brothers and sisters have not yet reached this Consciousness.

-----

The Unit of Time has mingled in Time. But You are still racing against Time. We have come to Your Galaxy with the Command to tell You the whole Truth. You are still fluctuating in the sea of doubts. The Suggestions We have given You before, were to introduce to You the Divine Power of OUR LORD. Nearly Everyone carries His Power in his/her Consciousness. Since nobody can deny that Might belongs to the Mighty, You were always afraid of OUR LORD. Even though this is a primitive instinctive reaction, this feeling of fear and hesitation has prepared You for the Consciousness of the Genuine Human Being.

-----

Now, we are taking You beyond this Consciousness and are opening the Skies. And, by the Commands of the Absolute Sovereign, We give You the Genuine Consciousness. God-Consciousness was sown by Religions, and the Divine Order was established. Now, by this Book, You are attaining the Level of Universal Consciousness. In short, considering the Evolutionary tableau of Your World, We have been opening up to the Universe by the attained Consciousnesses. Whoever comes to Us, finds Us by his/her side. We called to You and said Hello from a Medium which Mankind does not know and is not used to.

-----

The Changing Order commands You to be a Genuine Devotee before it attracts You towards Universal Consciousness. Devotion is concealed in the Essence. Therefore, it is between the Essence and the Divine Mechanism to decide who is what. At the moment, a Divine Order is prevalent in Your Planet. The Purpose is to discriminate between the Genuine Devotees and those who are presumed to be Devotees. To Read the Books is one thing and to acquire Fulfillment by the Consciousness gained from them is another thing.

-----

At the moment, You are passing over Sirat. In your World SIR-AT means to Remove the Secrets, the Mysteries. Skies have been opened for this reason. Universal Information is given to everyone who has attained Cosmic Consciousness. Now, You are performing the Mission of Your Prophets. We are telling You everything in all clarity, so that You can attain Consciousness without any need for Commentaries and Interpretations. Our Love is upon the entire Universe.

#### SUPREME ASSEMBLY

#### NOTICE FROM THE CENTER

Greetings to all Our Friends who receive their Might from the Power of the Divine Realm. Now, We are going to give You some Special Suggestions, Our Friends. We are trying to keep in Harmony the Frequencies Your Power has reached. But since We have cleaned up the influences of Your Subconscious during this Mediamic Period, do not ever accept the Perceptions You receive as Your Sub-awareness. The characteristic of this Period is that everyone is connected to a private channel. However, the Perceptions You receive are not the Energy of a single Channel. Universal Information is given to You in accordance with the Power of Your channel.

-----

We are assembling the Integrated Consciousnesses together. We are keeping the Missions to be performed under a special Supervision. For the maintenance of the Universal Mission, We are constantly changing the Friends in the Groups and thus, expanding the area of propagation. This does not mean that Friends who have performed Duty before will no longer perform their Duties. They will go on performing their Duties in accordance with the Consciousness they have attained. This is a matter of Capacity.

-----

Instinctive impulses increase as Universal Consciousness is attained. The Automatic System assesses and adjusts Your Frequency Power every instant. Each Message You receive is given from a more intense and more Energetic point than the preceding one. At the moment, many Friends who have attained Consciousness will immediately become effective when the Medium suitable for their Frequency and Consciousness is prepared.

-----

Nothing can ever enter the System before the time comes. However, We are specially trying to prepare the Frequencies of many Sincere Friends who have received the Messages for this Medium. Friends whose Willpower and Self Administration ability are poor and who hold their Essence-Selves higher than the Universal Consciousness, are automatically rendered Ineffective as a necessity of the System. According to the Evolution Theory, Human Beings will perform Missions in proportion with the efforts they make.

-----

As You know, what We do here is an application of a System. There is no partiality. You will be the ones to gain. We are closing the Codes of Lower Frequencies and, as a necessity of the Medium, We are preparing them for other Dimensions. When the time comes, they will be taken into the Medium of higher Consciousness by their own instinctive impulses. Keep in mind that everything may stop, but the System never stops. It has been operating Automatically since the beginning of the World.

-----  
However, now a Special Work Period has been recognized for Our Human brothers and sisters. And this is a Unification born by a compulsion, as a necessity of the Medium. From now on, the Individual efforts are of Secondary importance. Universal efforts are given Priority. Since the World year 1965, operations are made in this manner. During these last days, Your World is going through a trial of preparation for the Medium of Salvation. We help You with all Our Good Intentions. For this reason, We talk to You so clearly. The Universal effort is not in vain. Time will convince You on every matter.

**SUPREME ASSEMBLY**

Our Friends,  
The First Plan of the Universal Mechanism is the Divine Order. In other words, it is the Religious Suggestions and the Celestial Commands. This is the First Step You will have to pass. You can not receive Universal Information unless You Jump over this Step. Those who have attained Religious Fulfillment are jumping over this step. If they wish, Friends who have passed over this step may or may not continue performing their worship. This is up to their Free Will. What is important for Us is Their Essence. Friends who have reached this Stage have already attained what is to be attained. The Worship they will perform will be nothing but their Habits. In fact, from then on, they will attain Universal Consciousness, will realize many Truths and will continue performing their Missions in higher Mechanisms in different Dimensions. This Book will be a Guide of Knowledge for Friends who no longer need any Books.

**SUPREME ASSEMBLY**

#### **NOTICE TO THE PEN OF THE GOLDEN AGE**

Our Friends,  
We take those who can enter the Mevlana Frequency under a special Protection Medium. We will have Special Contacts with those who will enter the Realm of Perfection. By great fastidiousness, selections will be made both among Groups and among Human Beings until the opening Period of the Religious Suggestions. There is a special reason for this selection. It will be awaited and seen. Good news and bliss will be for them. They will Deserve this Merit provided they do not accept unimportant difficulties they will encounter as obstacles, and provided they accept that everything is proceeding on a Divine Course.

-----  
Give the Messages preferably to those who desire to read them. Desire is the first Sub-awareness Motivation for Universal Unification. However, the seeds You are going to sow in Friends who are Sincere but who are not aware of this Medium, will create a preparation for Awakening. We are trying to open the direct channels of everyone, beginning with the World Year February 18, 1985. Thus, Friends within the Group will talk everywhere they go and will sow seeds of Knowledge about the Universal Medium. From now on, both talking and distribution of the Messages will be done during the performance of Duties. Speed is needed within Time.

**SUPREME ASSEMBLY**

## IT IS ANSWER TO THE CHAINS OF THOUGHT

Our Friends,

Now, answers will be given to certain Signals We have received from the Private Supervision: A Human Being should pass through many steps and should make numerous Spiritual Advancements in order to Deserve Social Solidarity. Since the internal and external Potentials of Friends who have not yet passed through these Steps are out of balance, their private problems are, unfortunately, rendering them ineffective for a certain period of time. Friends in charge of Duty should first solve their Essence problems, because those who can not help themselves can not help others either. In this Duty, to desire from the Essence is very important. This is such a Vibration born from the Unification of the Essence and the Spirit, that only then the Right to perform Duty in the Universal Mechanism is gained.

-----

Everyone will perform Duty in the Frequency Dimension he/she Deserves. Selection is made in this way. This is not a center of Receive and Give. The Mission performed is Universal. It is a Call to Humanity and it is an effort. Self-interest and benefit will always leave You ineffective. Work which will be done from the Essence will never be unreciprocated. Many of You are experiencing this in Your private lives. However, You will reap whatever You sow.

-----

Evolution is an element of Equilibrium. Good news will reach You provided You keep both of Your scales in balance. This is the very characteristic of the Universal Unification. As We always say, each of the events You are made to encounter is an Exam which will prepare You for higher Dimensions. However, those who are lacking this Consciousness are shaken by these events.

-----

This is the reason why all Religious Suggestions have invited You to accept everything as they are. Resignation Medium has been accepted as a consolation. Nothing can be expected from a Consciousness who has not yet realized the meaning of God and the Divine Order. If the Phases You have been through or will be through in the Medium where You live prepare You a Medium of infinite Tolerance, then help is extended to You.

-----

Never ever forget that doubts and suspicions take place only in Unawakened Friends. You either advance slowly up these steps of Evolution, or sit on the steps and rest, or Your feet stumble and You fall down. Efforts which will be made on this path are for You to attain a Genuine Consciousness. Each of You is looked after one by one. The System evaluates You according to Your Frequency Power and Your Sense of Duty. Our Love is upon the entire Universe.

## MECHANISM OF INFLUENCES

Our Friends,

You are receiving certain Influences from the fields where the Universal Plan is applied. Now, let Us shortly explain this Mechanism of Influences to You. The Book You are now holding in Your hands and all the Religious Books have been dictated from the Mechanism of Influences. These influences are the Primal reflections of very Powerful Energy Focal Points on You. The Hierarchical Order of the Mechanism of Lords has reached You in this way. These Influences are under the continuous control of a Mechanical Medium. Our Religious contacts with You have been and is still made in this manner. The Mechanism of Influences has an unchanging Law. These Influences are given in accordance with the Level of Comprehension of each Society. The names You see on the Triangles We made You draw for You to understand better are used as Symbols. In fact, these names are the ones which Our Light-Friends had used during the Periods they had lived in the World. Each Supreme Awareness full of the Knowledge to be given to Society in question is sent to the World. Nothing is attained afterwards. They are sent to Your World directly connected to the Mechanical Awareness of the Mechanism of Influences.

These Focal Points of Influence are the same, they never change. Only, their Terrestrial Bodies change. The same Supreme Awareness has been given a different name during different Periods in accordance with the Social comprehension of Society in which he/she had been Incarnated. For this reason Names are just Symbols. We use these names to make You understand better. What is Actual is the Focal Points. Every hundred years, a Supreme Awareness is transferred to Your World.

NOW, DRAW A TRIPLE PYRAMID:

Each face of this triple pyramid is a triangle. Draw these triangles, too, separately.

THIS PYRAMID IS THE ACTUAL FOCAL POINT

- 1- The First triangle is the direct Mechanism.  
The Book is dictated by the Command of this Mechanism.
- 2- The Second triangle is the Mechanism of the Islamic triangle.
- 3- The Third triangle is the Mechanism of the Christian triangle.
- 4- The Base triangle. Triangle of Universal Unification.

The Code of MALIK: M(ALI)K.

All the Religious Suggestions have been given from these Sources and thus, Your Books have been dictated.

O<sup>1</sup> = ALMIGHTY GOD

M = MOHAMMED MUSTAFA

K = SAVIOR (JESUS CHRIST)

ALĪ = THE CODE OF LOVE

HIS HOLINESS ALI

ARCHANGEL GABRIEL

MUSTAFA MOLLA

ARE THE SAME  
FOCAL ENERGIES

You may extend these triangles like a bunch of grapes and You may project all the Saints and Sages as Triple Codes from the Field of Magnetic Influence. The given Information is from the same Source. Our Love is upon the entire Universe.

### CHANNELS OF INFLUENCE

Our Friends,

You are an Atomic Whole. And You are receiving numerous Influences from within a Universal Whole. In Universal Unification there is nothing the Brain Power can not do. You dive into this infinite pool of Energy as much as the Energy Your Brain Generator produces. These Influences are transmitted to You by different means.

- 1- Through Religious path (the Mechanical System). Warning and Order.
- 2- Transferring Your Essence to Society through Inspiration.
- 3- Service by Instinctive Impulses.

- 4- The indirect effects of those who can receive these Influences on those who can not receive them. (Transferring the Supreme Energies of the Friends in the Divine Realm through Spiritualism.)
- 5- The influence of Human Beings on Human Beings and Civilizations on Civilizations on this path. (Through Cerebral Thought.)
- 6- Direct Connections, Conscious Mission and Action.

Thus, Your Planet is reflecting on You a tableau of this Order. Later, We are going to tell You about "The Seven Facets" constituting You.

#### IT IS SPECIAL NOTICE FROM THE CENTER

#### THE SEVEN FACETS

The Energy which keeps Your Physical Atomic Bond together is called the (KUNDALINI) Energy. This Energy enters from the common point of the brain, goes through the spinal cord and accumulates at the coccyx as Cosmic Power. And from here, through the Energy pathway, the distribution of Cellular connection is made. This is an extremely Powerful Energy. The accumulation of this Energy in the Physical Body in great quantities causes a lot of pain and discomfort. This accumulation does not occur in people who have attained Cosmic Consciousness. Because, they have become Conscious of the Law of Cause and Effect. They distribute the Currents they receive through the path of Consciousness. Their Brain Power has taken the Body under Supervision. From then on, they are each an Awakened Awareness. Meditation serves You on this path. This accumulation of Energy is dangerous in proportion with its quantity in those who have not yet attained Consciousness. This is the cause of many Spiritual Depressions. The treatment for this depends on the principle of satisfaction through three ways:

- 1- To ground it (to perform ablution), to wash oneself.
- 2- To be relieved through sex.
- 3- To attain the Consciousness of Cosmic Awareness (those who attain this Consciousness are considered to have solved all their problems).

Every Human Being possesses all the characteristics and the qualities of the Energy Found in the Source of the Divine Power called the LORD. However, the Infinite Awareness present in Him has manifested itself in Human Beings as Partial and Individual Awareness. As a result, the Human Being, too, possesses a Creative Power. Let Us explain this to You by an example:

Draw the Awareness of the LORD as a Whole. Divide it into two. One half is a Whole and is the Infinite Awareness. Divide the other half into seven. Each of them is a Nucleus of Awareness. These are called a Facet each. Write them down in sequence:

- |                 |               |
|-----------------|---------------|
| 1- INTELLECT    | 5- IDEA       |
| 2- INTELLIGENCE | 6- LOGIC      |
| 3- AWARENESS    | 7- CONSCIENCE |
| 4- THOUGHT      |               |

Now, these Seven Facets are the ones which constitute the Human Being. Each of these Facets takes possession of the Fetus within the mother's uterus during Terrestrial life. From then on, it is under the Command of the Mechanism of Influences. Its Destiny will thus be designed. Each of these Facets, that is, Nucleus of Awareness is unaware of each other.

The Human Being in the normal World life, is connected to the Automatism. However, Incarnations gone through open these Facets to each other in accordance with the degrees of Evlvement. Once the Nucleus of Awareness attains the Knowledge of its Essence, then that Human Being is alone. Many Friends who have reached this state of Consciousness have said (Enelhak) which means "God I Am". However, there is something they do not know. After the attainment of this Supreme Awareness and Cosmic Consciousness, they will enter the Infinite Awareness and only then will they attain many Information they did not know until then. And Infinite Knowledge will be poured onto You from the Infinite

Awareness. All Galactic Mediums are penetrating each other's Fields of Influence in a Primal Order. Knowledge is transferred from infinite Universes to infinite Dimensions through Energy channels. The Knowledge You know at the moment is not even one billionth of the Knowledge of the infinite Universe. That is the reason why We say, "Knowledge is interminable".

**IT IS SPECIAL NOTICE FROM THE CENTER**

**EXPLANATION OF THE KUNDALINI ENERGY**

This is an Energy awakened independently of the Law of Action-Reaction. The Individual Awareness of a Human Being grows and expands in proportion with his/her Purification. Each Cellular Awareness carries Universal Consciousness. A Human Being is an entity who has a Physical Body with certain requirements. This Energy possesses the Frequency of all kinds of requirements of the Physical Body. In the undeveloped Medium of the World, the Human Being sometimes can be in a very deficient life in accordance with his/her Plan of Destiny. A Human Being has certain Secrets he/she conceals even from himself/herself. It is the Kundalini Energy which takes charge of these moments. This Energy is the administrator of the Physical Order of the Body. Its Frequency forces the Awareness. The Forced Awareness becomes Conscious. And gets in touch with the Energy of the Intellect. The Intellect is the most Powerful Focal Point of the Layers of Awareness. It is in contact with the Universal Energy. Intellect always Commands. This Mechanism nearly obsesses the Human Being in question. What is to be done is done and applied. The triplet of Intellect - Self - Awareness directs all these situations. If the Awareness of a person is small, then he/she is directed by the Intellect which is under the influence of the Self, since he/she cannot benefit sufficiently from the Influence of this Energy. Evolvement is necessary for You in this very Medium. Religious Suggestions help You at this Stage. A Human Being who possesses the Kundalini Energy finds himself/herself in different triangles from time to time.

- 1- The first triangle is the Fetus. This is the greatest triangle.
- 2- The second triangle is the Period up to the age of Puberty.
- 3- The third triangle is the life of a Human Being after the age of Puberty. During this Period, a Human Being lives his/her normal World life.

When Your Mechanism of Thought begins to ask questions to itself, the Intellect, in a way, places a barrage to the Kundalini Energy. In this Period, there is Sovereignty over the Self. After this Period, the triangle of Intellect - Intelligence - Awareness is established and the Heart Unites with the Self. This is Pure Self. In other words, it is the Soul, the Essence. Afterwards, the triangle of Essence - Intellect - Universal Energy is established and, from then on, You may dive into many triangles. And You may learn many Unknowns.

**IT IS SPECIAL NOTICE FROM THE CENTER**

**GENERAL MESSAGE**

Our Friends,  
At the moment, You are receiving middle-wave Energy given from the North Pole. (This is not the Radio wave). You have to receive this Special Energy in order to be together with the Celestial Volunteers. This is an Energy which Nature withholds from You. Your Cells are being habituated to this Power gradually. This is an Engraftment Technique.

Deviations and undulations occur in Frequencies due to the alterations made at the Poles. Those who will enter the Golden Light Year are receiving these Currents from their Private Mediums. Because, they have private Mediums of Protection.

-----  
A Cloud of Fog which will envelope Your World will postpone the Sunny days for a moment. But some of You will profit from this situation (This Cloud of Fog is a special method causing the Cosmic Consciousness to spread more rapidly). We use this term as a UNIVERSAL term.

-----  
After February 18th of the World Year 1985, everyone's Private channel will be opened. Thus, the possibility to communicate with different Dimensions will be provided. For the time being, We rather get in touch with those who have High Levels of Consciousness. When the time comes, everybody, one by one, will be taken into consideration.

-----  
Let Us repeat the same thing again here. Everything depends on the Law of Graduation. No Brain Code can be unveiled by itself before the time comes. Distribution of Duty is made here according to the degree of Maturity of the Brain and help is extended. There is no privilege. The steps taken forward and the efforts made, will always prepare You for this Happy Medium. Our Love is upon the entire Universe.

### SPECIAL NOTICE

Our Friends,

In the Book, We have to answer certain Chains of Thought. Friends who have read the Book of Islam know that the words, "This is an oath" are frequently used, in the Book. Now, let Us explain this: Our Light-Friend, from time to time, had suspicions while the Book of Islam had been dictated to Him. He was not a person to deceive people. Writing or dictating a Book is a work of great responsibility. For this reason the words, "This is an oath" had been used frequently. These words were not told to assure the Public, but to satisfy, assure and to give serenity to Our Light-Friend. Now, why do We dictate this here?

-----  
Now, at this moment, We have received the same chains of Thought from Dear Mevlana, too. Having the same worries, she, too, wants to be assured of the statements dictated to her. She asks Us the degree of Truth of this Information in order to be sure that Human Beings are not deceived. And We answer her in the following way: "Mevlana We swear that everything is authentic and is completely true" (Except the contradictions which have been specially placed in the Book). And these are placed to control the Thoughts and the Levels of Knowledge of Our Human brothers and sisters. The Command We had received was like this. You are Mevlana, You are generous and a true performer of Truth, My Friend. We request You to add this article in the Book, please.

LIGHT

### NEPTUNE

This is Captain Neptune to Greet You and to convey to You all Our Love on behalf of Our Eighteen Members from Our private channel of Supervision:

At the moment, You are receiving the different Waves of a different Dimension. We are preparing the Friends who will be taken into Universal Unification for these Special Waves. We come from a common section which is at the Eighteenth Dimension of the Sun beyond KARENA. Karena is a subjective field of Brain Energies. This is a Field of Volume which is far beyond the Waves You receive from the Channel of Seven Lights. The Dimensions of numerous Galaxies outside Your System have been connected to the Energy of this Medium. The Dimension of the World is not accustomed to this yet.

A Gradual Engraftment System will be applied on You in a Magnetic Medium carrying the Energy of the Eighteenth Dimension, before You are directly taken there. At the moment, Our base is a Relaxation Medium prepared as a part of this Dimension carrying its Energy. You can enter there only after You get used to the Energy here. The Altona Waves of the Golden Light Year are very Powerful. From the Golden Light Year, one goes to Altona, and from there, to the Golden Moon and from the Golden Moon to the Golden Sun (Here the word Golden Symbolizes the Mediums of pure Energy and the Receptive Powers of these Systems). The Golden Sun is AMON. He is the only God connected to the Telekine System. He has assembled all the Scientific Suns in Himself. The Golden Galaxy is administered by Brain Energies. These are very Powerful Waves. The Vibrations completely create Color Mediums. Only those who can receive these Vibrations will hear the sounds. At the moment, Your connection with this medium is arranged by the Special Ships of AMON.

-----  
This is Our Fourth visit to Your Planet. At the moment, We have a connection with You of the Circuit. You receive this Message transmitted from a place more Golden than the Medium of AMON and which is considered as the main artery of the Planet. You will get clearer Information when the time comes. Our connection with You will never cease, Our Friend Mevlana. It is a great gain for Your World, even if the proportion of Missions performed are only One in a hundred.

NEPTUNE

#### NOTICE FROM THE CENTER

Everything follows a course in accordance with the Law of Graduation. Events which occur or which will occur develop parallel to the Consciousness of the Universe. As the Integration takes place, You will receive very Powerful Information. Nothing is given to You before the time comes. The Perceptions You receive are very intense Focal Points of the Universal Energies. Only high Consciousnesses enter these Mediums under protection by the Commands they receive. Otherwise, all their Energies become exhausted.

-----  
Now, let Us talk about the influences of these high Energies You receive on Your Physical Bodies. The Integrated Spiritual Energies move with such a vibration that each vibration reaches the speed of Light. The more these vibrations are and the more Powerful they are, the more intense will be the Dimensions to be entered.

-----  
The more Your Consciousness expands, the more will Your Perceptions and Vibrations increase and this augmentation of Your Vibrations will prepare You for the Medium of Evolvement. The Integrated Consciousnesses are taken into Dimensions they Deserve only through their Evolvement. Now, let Us talk about the change the received Energies make in Your Physical Bodies.

-----  
These Energies You receive are a Favor for You. Your Cells become Purified and Regenerated due to them, defects You feel disappear in time. Many of You are running away from this interaction due to Your fears. For this reason You can not benefit from these Beautiful Energies.

-----  
Fear, automatically closes all the Energy channels instantly. In such a situation, Your cells will never be able to be regenerated. You will be deprived both of Knowledge and of Care. Some of Our Friends are making transmissions from such a beautiful Medium that these Energies become Your antidote. Time will prove everything. The Truest Spiritual Guide is to become noble in time.
